

"Niko NV designs and produces advanced solutions for electrical switching material, lighting control, home automation systems, intercom systems and videophones. All over the world, both individuals and professional customers choose for Niko's quality solutions because of their ease of installation, ease of use and their design.

Niko commercializes its solutions all over Europe from offices in Belgium, France, the Netherlands, Slovakia and Spain, but also via distributors throughout the world. The company was founded in 1919 and currently employs over 550 people."
