

Single faceplate with transparent text field, Niko Intense white

120-76101

4 year warranty

Single faceplate from the series Niko Intense. In combination with the label holder 170-00090 the transparent text field allows each function to be identified in a way that is safe and cannot be lost. Niko Intense white

Technical data

Single faceplate with transparent text field, Niko Intense white.

- Simple faceplate for one switch.
- Colour: white (mass-dyed, approximately NCS S 0502 - Y50R, RAL 9010)
- Text field: In combination with the label holder 170-00090 the transparent text field allows each function to be identified in a way that is safe and cannot be lost. The label holder is always clicked into place onto the base meaning that it remains intact even when the faceplate is removed. This faceplate is particularly suited to installations where any components without a text field or Dymolabel are not permitted.
- Frame composition: It is made of dimensionally stable pc+asa.
- Surface-mounting height: max. 8.5 mm
- Fire safety
 - self-extinguishing: complies with a filament test of 650°C
 - halogen-free
- Protection degree: IP41 for the combination of a mechanism, central plate and faceplate
- Impact resistance: The combination of a mechanism, a central plate and a faceplate has an impact resistance of IK06
- Dimensions (HxWxD): 85 x 85 x 83 mm
- Certification marks: CEBEC, NF, ÖVE, KEMA
- Marking: CE
