

Threefold faceplate, vertical 60 mm centre distance, for a double switch, a socket outlet and a 45x45 function, Niko Rocker alu gold brushed

227-56360

4 year warranty

The Niko Rocker threefold vertically oriented faceplate clicks onto a double switch, a socket outlet and a single switch function that have been vertically installed on top of each other with a centre distance of 60 mm. The faceplate combines with any available Niko Rocker for double switch function, Niko Rocker and Niko Toggle socket outlet finishing set and Niko 45 x 45 mm finishing set. It consists of an upper frame, light guide and lower frame that are mechanically interconnected. The upper frame is made of anodised brushed aluminium (alu gold). The anodisation process may result in slight colour differences. The lower frame is made of white polycarbonate (PC) + acrylic-styrene-acrylate (ASA), gold coated. The upper frame is 6 mm thick and the lower frame 2 mm.

Niko recommends a design combination with a finishing set in the following colour: alu gold for Niko Rocker and Niko Toggle finishing sets and gold coated for other finishing sets.

- Exclusive materials
- Authentic vintage design
- Belgian design & craftsmanship
- Design matches Niko Pure portfolio
- Proven Niko quality
- Unique illuminated switch design (by adding feedback LED)
- Designed to fit the standard socket outlet base
- Designed to fit any available 45 x 45 mm function

Technical data

Threefold faceplate, vertical 60 mm centre distance, for a double switch, a socket outlet and a 45x45 function, Niko Rocker alu gold brushed.

- Threefold faceplate for three switches.
- Colour: alu gold (approximately NCS S 3020 - Y, RAL 1000)
