## Niko Hydro

Switching material for gardens, patios, driveways, etc.  
In black, white and grey

An outdoor socket outlet under your carport, a light switch on the wall of your shed or an audio connection on the patio? With Niko Hydro there is no need to compromise between safety, comfort and design in all environments which can suffer from bad weather conditions. No matter which switch or socket outlet you're looking for: you'll find them all in the Niko Hydro range. And in 3 colours: black, white and grey.

### 8 reasons to install Niko Hydro

- complete range of IP55 waterproof switching material in black, white and grey
- all switches, socket outlets and connections in surface-mounting and flush-mounting
- quick and easy to assemble
- wired in no time: same mechanism as Niko flush-mounting switching material
- sturdy and impact-resistant: IK07
- highly resistant to chemicals
- adapter frame for media connections
- black, white and grey all the same price

### Complete range

- socket outlets
- light switches (series, intermediate, two-way, double-pole)
- roll-down shutter switches
- audio connections
- key switches
- TV connections
- internet connections
- telephone connections
- blind plates

## Do you prefer all black, all white or all grey?

### The choice is yours

A grey switch on a white facade or a grey socket outlet on a black exterior wall. Of course it's practical. But aesthetic? No. With Niko Hydro, your customers no longer have to choose between practicality and aesthetics. You can choose all white. Or all black. Or perhaps neutral grey.

#### Flush-mounting frames

Reference number				Product
Grey	White	Black	suffix	Description
700-	701-	761-	73000	Single flush-mounting frame for flush-mounting a splashproof surface-mounting function
700-	701-	761-	74000	Vertical flush-mounting frame for two functions
700-	701-	761-	75000	Horizontal flush-mounting frame for two functions

#### Double socket outlets

Reference number					Product
Grey	White	Black	plug-in	screw	Description
700-	701-	761-	37754	37749	Splashproof double horizontal socket outlet with pin earthing and safety shutters - includes box with two inputs at the top
700-	701-	761-	37753	37748	Splashproof double horizontal socket outlet with pin earthing and safety shutters - includes box with one input at the top
700-	701-	761-	37735	37730	Splashproof double vertical socket outlet with pin earthing and safety shutters - includes box with two inputs at the top

#### Surface-mounting boxes

Reference number				Product
Grey	White	Black	suffix	Description
700-	701-	761-	83101	Splashproof surface-mounting box with two single flexible inputs for flush mounting one function
700-	701-	761-	84101	Splashproof surface-mounting box with one M20 input for flush mounting one function
700-	701-	761-	84102	Splashproof surface-mounting box with one double M20 input for flush mounting one function
700-	701-	761-	84111	Splashproof surface-mounting box with two single M20 inputs for flush mounting one function
700-	701-	761-	84112	Splashproof surface-mounting box with one double M20 input and one single M20 input for flush mounting one function
700-	701-	761-	83201	Splashproof double vertical surface-mounting box with two single flexible inputs for flush mounting two functions
700-	701-	761-	84201	Splashproof double vertical surface-mounting box with one M20 input for flush mounting two functions
700-	701-	761-	84202	Splashproof double vertical surface-mounting box with one double M20 input for flush mounting two functions
700-	701-	761-	84211	Splashproof double vertical surface-mounting box with two single M20 inputs for flush mounting two functions
700-	701-	761-	84212	Splashproof double vertical surface-mounting box with one double M20 input and one single M20 input for flush mounting two functions
700-	701-	761-	84801	Splashproof double horizontal surface-mounting box with one M20 input for flush mounting two functions
700-	701-	761-	84802	Splashproof double horizontal surface-mounting box with one double M20 input for flush mounting two functions
700-	701-	761-	84302	Splashproof three-fold vertical surface-mounting box with one double M20 input for flush mounting three functions
700-	701-	761-	84902	Splashproof three-fold horizontal surface-mounting box with one double M20 input for flush mounting three functions

**Switches and socket outlets**  
Excluding surface-mounting box

Reference number					Product
Grey	White	Black	plug-in	screw	Description
700-	701-	761-	36605	36600	Splashproof, surface-mounting socket outlet 16A/250V AC with pin earthing and safety shutters
700-	701-	761-	36675	36670	Splashproof bicycle charging point 16A/250V AC with pin earthing and safety shutters
700-	701-	761-	31205	31200	Splashproof double-pole surface-mounting switch 10AX/250V AC
700-	701-	761-	31605	31600	Splashproof surface-mounting two-way switch 10AX/250V AC
700-	701-	761-	31705	31700	Splashproof, surface-mounting intermediate switch 10AX/250V AC
700-	701-	761-		31300	Splashproof double-pole surface-mounting switch 16AX/250V AC
700-	701-	761-		31616	Splashproof, surface-mounting two-way switch 16A/250V AC
700-	701-	761-	31505	31500	Splashproof surface-mounting series switch 10AX/250V AC
700-	701-	761-	32605	32600	Splashproof, double, surface-mounting two-way switch 10AX/250V AC
700-	701-	761-	37205	37200	Splashproof two-pole control switch 10 AX/250V AC with transparent window*
700-	701-	761-	37605	37600	Splashproof two-way control switch 10 AX/250V AC with transparent window*
700-	701-	761-	35905	35900	Splashproof surface-mounting roll-down shutter switch 10AX/250V AC, mechanically locked and electrically separated
700-	701-	761-	35915	35910	Splashproof surface-mounting roll-down shutter push button 10A/250V AC, mechanically locked and electrically separated
700-	701-	761-	30005	30000	Splashproof, illuminable push button 10A/250V AC with transparent window and NO or NG contact*
700-	701-	761-	33005	33000	Splashproof, non-illuminable push button 10A/250V AC with 4 connection terminals and NO or NG contact
700-	701-	761-	35105	35100	Splashproof, illuminable double push button 10A/250V AC with 2 NO or NG contacts*
700-	701-	761-	35005	35000	Splashproof, non-illuminable double push button 10A/250V AC with 2 NO or NG contacts
700-	701-	761-		38700	Splashproof surface-mounting key switch 10 A
700-	701-	761-		38800	Splashproof surface-mounting key switch 16 A

\* lighting elements to be ordered separately (see catalogue)

**Accessories**

Reference number				Product
Grey	White	Black	suffix	Description
700-	701-	761-	85000	Adapter frame with cover for 45 x 45 mm functions in splashproof surface-mounting boxes
700-	701-	761-	38500	Blind plate, excluding surface-mounting box
700-	701-	761-	84001	M20 cable gland
700-	701-	761-	84000	Blind plug M20
700-			30100	Bell symbol for splashproof, surface-mounting control switches and splashproof, surface-mounting, illuminable push buttons
700-			30200	Lamp symbol for splashproof, surface-mounting control switches and splashproof, surface-mounting, illuminable push buttons
700-			30300	Key symbol for splashproof, surface-mounting control switches and splashproof, surface-mounting, illuminable push buttons
700-			38100	Splashproof indication unit with transparent lens and LEDs (LED colour: red), excluding surface-mounting box
700-			38200	Splashproof indication unit with transparent lens and LEDs (LED colour: white), excluding surface-mounting box

Niko designs electr(on)ic solutions to enhance buildings to better suit the needs of the people who live and work in them. By using less energy, by improving light comfort and safety and by making sure all applications work together seamlessly. Buildings with Niko are more efficient, are controllable from a distance and interact within bigger ecosystems. Niko is a Belgian family business from Sint-Niklaas with 600 employees and 11 European branches.

At Niko we ask ourselves just one question every day: "How can we enhance buildings to better suit your needs?"
