# Niko designs

## Belgian quality, pure design

Innovation, design and ease of use. Those are the cornerstones for Niko's product development. **Intelligent solutions** increase your **comfort** and **ease of use**. So you know within seconds which button commands which device. The sleek shapes and refined details of our switching material are your perfect partners in making a **design statement**. Besides, you can't beat **Belgian quality**.

### **Timeless and sustainable**

The Niko ranges give you a **timeless design**, carried out in **durable materials**. You choose the range that best matches your style. Fancy something new after a few years? Easy: just replace the flush surround plates with new finishes and colours. The universal flush-mounting mechanism goes with any finish in Niko Pure, Niko Intense or Niko Original. Combined with the surface-mounting kit, this switching material can also be used for walls. Finally, there is Niko Hydro, specifically designed to withstand demanding and damp environments.

### **Endless combinations**

Combine the colours of the surround plates and devices to your liking. You hold all the cards, even when it comes to the smallest detail. Your choices result in perfectly matching socket outlets, switches, dimmers and media connections. Whether you go for a single combination throughout your home, or different ones in every room.

### **4-year warranty**

The legal warranty period for switching material is 2 years. But with Niko you go for the best. Every product we make, is thoroughly inspected at every step in the production process. That is why we give you a **4-year warranty**. On all our products.

# Your home, your style

Contemporary, retro or industrial: whichever style you choose, you want your socket outlets, switches, media connections and other functions to be perfectly aligned. That is why with Niko Pure, Niko Intense en Niko Original we offer you a choice between 3 switching material series.

150-xxxxx

## Controls

No matter which control you are looking for, you will find it at Niko. Combine devices such as switches, USB chargers and dimmers in the colours you love. Take electric roll-down shutter controls or energy display devices. Why not make them match perfectly with your switches and socket outlets? Or perhaps you would like every room to have its own finish to blend in perfectly with the interior? Anything is possible.

Finish all your devices with flush surround plates from our Niko Pure, Niko Intense and Niko Original series. You can choose from a variety of colours:

Bakelite® is a registered trademark of Hexion GmbH
