

# Threefold faceplate, vertical 71 mm centre distance, for a single switch and two socket outlet functions, Niko Toggle steel champagne coated

166-57957

4 year warranty

The Niko Toggle threefold vertically oriented faceplate clicks onto a single switch and two socket outlet functions that have been vertically installed on top of each other with a centre distance of 71 mm. The faceplate combines with any available Niko Toggle for single switch functions and Niko Rocker and Niko Toggle socket outlet finishing set. It consists of an upper frame, light guide and lower frame that are mechanically interconnected. The upper frame is made of steel. The lower frame is made of white polycarbonate (PC) + acrylic-styrene-acrylate (ASA), champagne coated. The upper frame is 2 mm thick and the lower frame 6 mm. Niko recommends a design combination with a finishing set in the following colour: steel champagne coated for Niko Rocker and Niko Toggle finishing sets and champagne coated for other finishing sets.

- Exclusive materials
- Authentic vintage design
- Belgian design & craftsmanship
- Design matches Niko Pure portfolio
- Proven Niko quality
- Unique illuminated switch design (by adding feedback LED)
- Designed to fit the standard socket outlet base

## Technical data

Threefold faceplate, vertical 71 mm centre distance, for a single switch and two socket outlet functions, Niko Toggle steel champagne coated.
