

Metal base for wireless battery-powered Zigbee® switch, 71 x 71 mm, claw fixing

552-72030

4 year
warranty

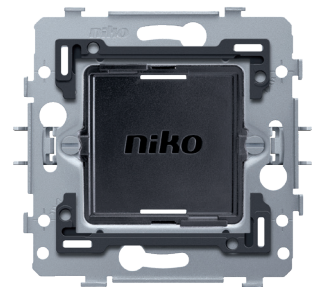

Metal base for mounting a wireless battery-powered Zigbee® switch (552-7201X) in a flush-mounting box, 71 x 71 mm, with claw fixing. The base includes a safety protection cover.

This article is protected by at least one patent (application). For more info on patents, see www.niko.eu/innovation.

Technical data

Metal base for wireless battery-powered Zigbee® switch, 71 x 71 mm, claw fixing.

- Fixing method
 - simple mounting in a flush-mounting box with grip surfaces
 - with claws that rotate open using screws with a combination screwhead (Pz2 or slot 1 x 5.5 mm), for mounting in a flush-mounting box with grip surfaces
 - engagement depth of claws: 23.5 mm
 - claws turn back completely when loosened
- Centre-to-centre distance
 - horizontal coupling and vertical coupling with centre-to-centre distance 71 mm
 - horizontal connection of several bases is quick and perfect thanks to the folded-up dovetails on the left and right side
 - extra robustness due to the folded-up edges on the outside of the base and the continuation to the inside of the base
- Dimensions (HxWxD): 73 x 73 mm
- Marking: CE
